

Capital Vault Incorporated - BDG_Accounts :

Requires: Business Development Group [CVI-BDG] : [Order_BDG]

The Business Development Group [Order_BDG] is the first entry level membership that has several accounts and related opportunities for members to start saving, develop new relationships, generate revenue streams from referrals, recruit and sponsor other members and generally get more involved. Advancing forward, we have convenient accounts and portfolios to expand horizons with exciting business options, participate, capitalize or acquire resources for initial organizations, start-up and expansion for entrepreneurs, enterprises and related services. There is much more yet to be discovered.

There are many challenging and rewarding opportunities to review that are beneficial for members that provide an incredible array of membership options with accounts, portfolios and amazing capabilities with innovative business and capital solutions including diverse business options and financial transactions. Although investment is not necessary, a surplus of high performance options exist for a considerable range of strategic enterprise development endeavours, from massive projects to tiny parts and pieces, and a place for just about everyone who desires to be part of an economic, industrial and technological renaissance. This includes more Made in Canada! These work in accordance with democratic consensus of the participating members, these are mutually beneficial opportunities and agreements, of which all are made possible by self directed pro-active decisions and may include any entrepreneur, enterprise, a business unit, an integrated business unit, joint ventures, new incorporations, un-incorporated associations or any form of entity from any jurisdiction. There is no limitation to anything that is possible by mutual agreement within the operating parameters, values, ethics, mission, programs, tasking, goals and intentions presented with the existing and future CVI-Options.
