● The EIG MAX RSVP offers the Revenue Generator (RG), Reserved, Conditional sign-up and Open Options (RCOO), Reserved, Dedicated sign-up and Secured Options (RDSO) and the Serial Options for general or more specific purposes.

● What is really awesome about this account is that it can be a very useful and rewarding tool for those initial and expanding ground floor opportunities in a lot of creative and productive high quality enterprises and entrepreneurial ventures.

● Small business is the biggest most powerful creator of employment in the country. Often under financed and under equipped with a greater demand to be self-sufficient faster, deliver excellent customer service and meets the requirements of the enterprise and people involved is often a challenging but rewarding way of life.

● Financial, technological, people, infrastructure, marketing and operational resources are required to a great degree. Being adequately capitalized and having a greater resource base to work with and the CVI-OS 1.0 infrastructure can generate greater productivity, savings, economies of scale, new business potential and a world of options that might not normally be available or even considered.

● This is very pro entrepreneur and pro enterprise that is easy to make a contribution, get involved, add to the resource base and infrastructure so the entrepreneur can focus on what they are good at. Reduce bureaucracy, stress and endless hours of self sacrifice, don't get bogged down and stall the engine for job and career creation, growth and a whole new world of potential waiting to be innovated, developed and optimized. Additionally, build a team with good management, discipline and skill set, get out of the way and let them do their work! Simple eh. Imagine how life can be with built in asset management and protection, a buying group from day one and all kinds of people that support, promote and contribute to that success.

This kind of co-operation is better, there really is plenty to go around! Abundance, productivity and prosperity are supposed to be normal. Resources and progress should be normal. Optimizing people is the right thing to do, everyone has value and can contribute in various ways, just as people may learn in different ways, maximizing the opportunity to express those gifts and talents in the right direction can generate a lot of value for everyone.

If you have a little or lot of money and resource, this is a great place to do a lot of good. If you like to gamble, gamble on an entrepreneur, if you have plenty of money and don't know what to do with it, spend or invest it with purpose, passion, thoughtful consideration. Sure it's true an entrepreneur can wear many hats, excels at many tasks, works 100 hours a week like no tomorrow, but guess what, believe it, entrepreneurs know what to do, they just want to do more, faster, easier, more fun and more reward. With this account and the related options in the Entrepreneur Infrastructure Group, you can make a massive difference and help fuel innovation, jobs, growth, productivity, prosperity and a lot of home great stories and being part of history, the present and the future. Buy, build, save and invest with more Made in Canada, transform reality and supercharge everything! You bet it's important, sign me up, count me in!
