Opportunity & Vision: "Stockpile & Deploy"

- Direct and easy asset and resource allocation to generate compensation and options.
- Confidently manage your own self directed account to capitalize on streamlined stockpile & deploy options at various points in the action timeline.
- Assets and resources conveniently on tap, receive advance notice to enjoy maximum advantage of PVCG Accounts in alignment with your intentions, needs & desires for products, services, options, investment, contributions, assets & resources.
- Minimizes the “you snooze - you loose” dilemma, optimize timing, opportunities and new wealth creation. Getting in on a deal is essential, reserving your spot, join the signup list and going in the direction you choose, allowing time for; in progress, under development and “en route” for mutually beneficial agreements, that may be individual or group opportunities.
- Surveys & Summaries for : Programs, Accounts, Portfolios, Portfolio Series, Technology, Products, Services, Business Options, direct and indirect financial and non-financial investment and/or contribution, development and acquisition opportunities.
- High compliance, the main idea, proposal and consensus of participating members.
- The ultimate ground floor preview of ideas, ideals and amazing opportunities that forward assets and resources into other CVI-Options by mutual agreement. Everyone has value!
- Generate a specified bonus for various portfolio contributions such as survey response, quick sign-up, dedicated sign-up, ideas and more. Intel and response with corresponding compensation and opportunity works both ways. Maximum customization for Member requirements and mutual deal making. This is useful to acquire any number of products, services or any type of options.
- The Surveys & Summaries help streamline the process for enabling something members have a very high or definite probability of going for. This makes for easier self directed account and portfolio options in greater number, above and beyond what is presented here.
- Access specific customized Unified Portfolio Options in CVI that are available to all members for specific promotions, options, acquisitions, compensation. These vary considerably, yet have consistent and unified features with all accounts of all memberships.

Unified Portfolio Options are also different than the **MAX RSVP Account** with a more general focus with the **RG**-Revenue Generator, **RCOO** Reserved, Conditional sign-up and Open Options vs. **RDSO**-Reserved, Dedicated sign-up and Secured Options.
