Opportunity & Vision: "Stockpile & Deploy" - Please read the BDG_A_MR background file;
● The TTG MAX RSVP offers the Revenue Generator (RG), Reserved, Conditional sign-op and Open Options (RCOO), Reserved, Dedicated sign-up and Secured Options (RDSO) and the Serial Options for general or more specific purposes..

● "Awesome" and "Exciting" are just two words that begin to describe this portfolio that has truckloads of opportunities, factory and production dynamics and amazing pick and choose points in the timeline for what you really like. This account and portfolio provides lots of potential and is established to benefit from all the action available and generated in the future.

● The RG option makes it very easy to get involved, generate income and quickly upgrade to the RCOO and RDSO options in addition to the TTG Account + Portfolio options for those who become more focused, or where and when new situations emerge and require more ability, resources and transaction potential for personal or enterprise requirements. This is great news for a more responsive and course adjusting mechanism that makes practical solutions a priority.

● The RCOO and RDSO options provide an amazing timeline to maximize from solid and steady revenue streams over a short, intermediate timeline with the options to focus on existing or new opportunities with conversion to the TTG Account + Portfolio Options. This can facilitate financial planning, acquisitions, expansion, emergencies, as well as capitalize on many major enterprise related aspects all at the same time. This makes it a powerful and useful tool for personal, entrepreneurial and enterprise environments in aspects of high probability acquisitions, investment, involvement and contributions for financial and non-financial assets and resources. Great for make it happen and being part of the make it happen team.

● If you believe that one person can make a difference, try several, 100, 10,000 or 1,000,000!

● As a member of TTG, this portfolio is already set up for you, all you need to do is review it, make a plan, make a decision, take action, review and adjust your course if necessary and continue to benefit from all the strategic advantage engineered for our members, challenge and reward that you will not find any where else, plus benefit from being a key player as a person that made all the difference. We want you to be involved, this company and the CVI-Options exist for this purpose. Made in Canada? You bet. Stand on guard for Canada? I'm all in, what about you?

● Right now, a new thought, the word 'member' contains the word 'ember', an ember is like a hot coal that makes the fire burn, energy that provides heat, passion, enthusiasm, that crackles and sparks like the essence of life with vitality of what is, we can add a little more applied economic and industrial physics of air, the velocity of a revitalized atmosphere, a new and better way of thinking and doing, to really make that fire burn with intensity. That's what we want for your life, that's what we want for our country. How is that for a different perspective? Is this the most positive, optimistic and good news channel ever, is this something you can relate to? Does anything here mean enough to make a decision, get involved and be part of the solution? We certainly hope so as there is a whole lot more!

We are just getting started, we can't wait to build great things together!
